

EMERGENCY RESPONSE POLICY

The aims and objectives of every emergency response shall be to:

- Save lives of clients, host communities, **EIDO MARKETING & LOGISTICS LIMITED** personnel and others within the vicinity.
- Guard and assist the injured in such emergency situations.
- Reduce damage to client or company's resources and the environment.
- Consolidate the existing cordial relationship with host communities/clients
- Defend corporate integrity.

All systems resources, strategies and procedures necessary to achieve these objectives shall be well documented and coordinated.

The company shall also collaborate with the community, client, government and other identified emergency response units/bodies in other to combat such emergency situations.

Reasonable attention shall be given to the identification, development and sustenance of the relevant resources needed towards the achievement of the above defined objectives.

As such, all personnel shall participate fully in all activities planned towards the realization of these aims and objectives.
