

INCIDENT REPORTING AND INVESTIGATION POLICY

EIDO MARKETING & LOGISTICS LIMITED shall remain committed to the proactive approach to accident prevention.

EIDO MARKETING & LOGISTICS LIMITED shall ensure the use of appropriate resources, and compliance with relevant safety procedures and codes in the execution of daily tasks. But, if for any reason(s) accident occurs, such accident must be reported with dispatch through appropriate lines to relevant company, client and other agencies. Reporting sequence shall remain verbal before written report.

EIDO MARKETING & LOGISTICS LIMITED shall (depending on the nature and magnitude of incident) set appropriate panel to investigate, follow-up, evaluate and review the incident in order to identify associated causative facts, and to make recommendation against future reoccurrence.

EIDO MARKETING & LOGISTICS LIMITED undertakes the provision of all-necessary equipment and training in order to reach the stated objectives.

Creates an appropriate HSE organization and check it efficiency

All personnel are required to respect this policy strictly
