

SMOKING POLICY

Smoking of any sort is injurious to human health and an environmental hazard. Many lives are either shortened or lost yearly due to smoking. Also, many unplanned fires resulting in immeasurable losses occur due to smoking.

To check these dangers, **EIDO MARKETING & LOGISTICS LIMITED** prohibits smoking in all work sites and public places.

However, if smoking must be done it will be at well specified designated places (Smoking points).

The analysis and identifications of points for no smoking signs shall be carried out at all **EIDO MARKETING & LOGISTICS LIMITED** offices and the "NO SMOKING Signs" which must be visibly indicated and strictly adhered to.

Any breach of this prohibition shall not be tolerated.
