About Us

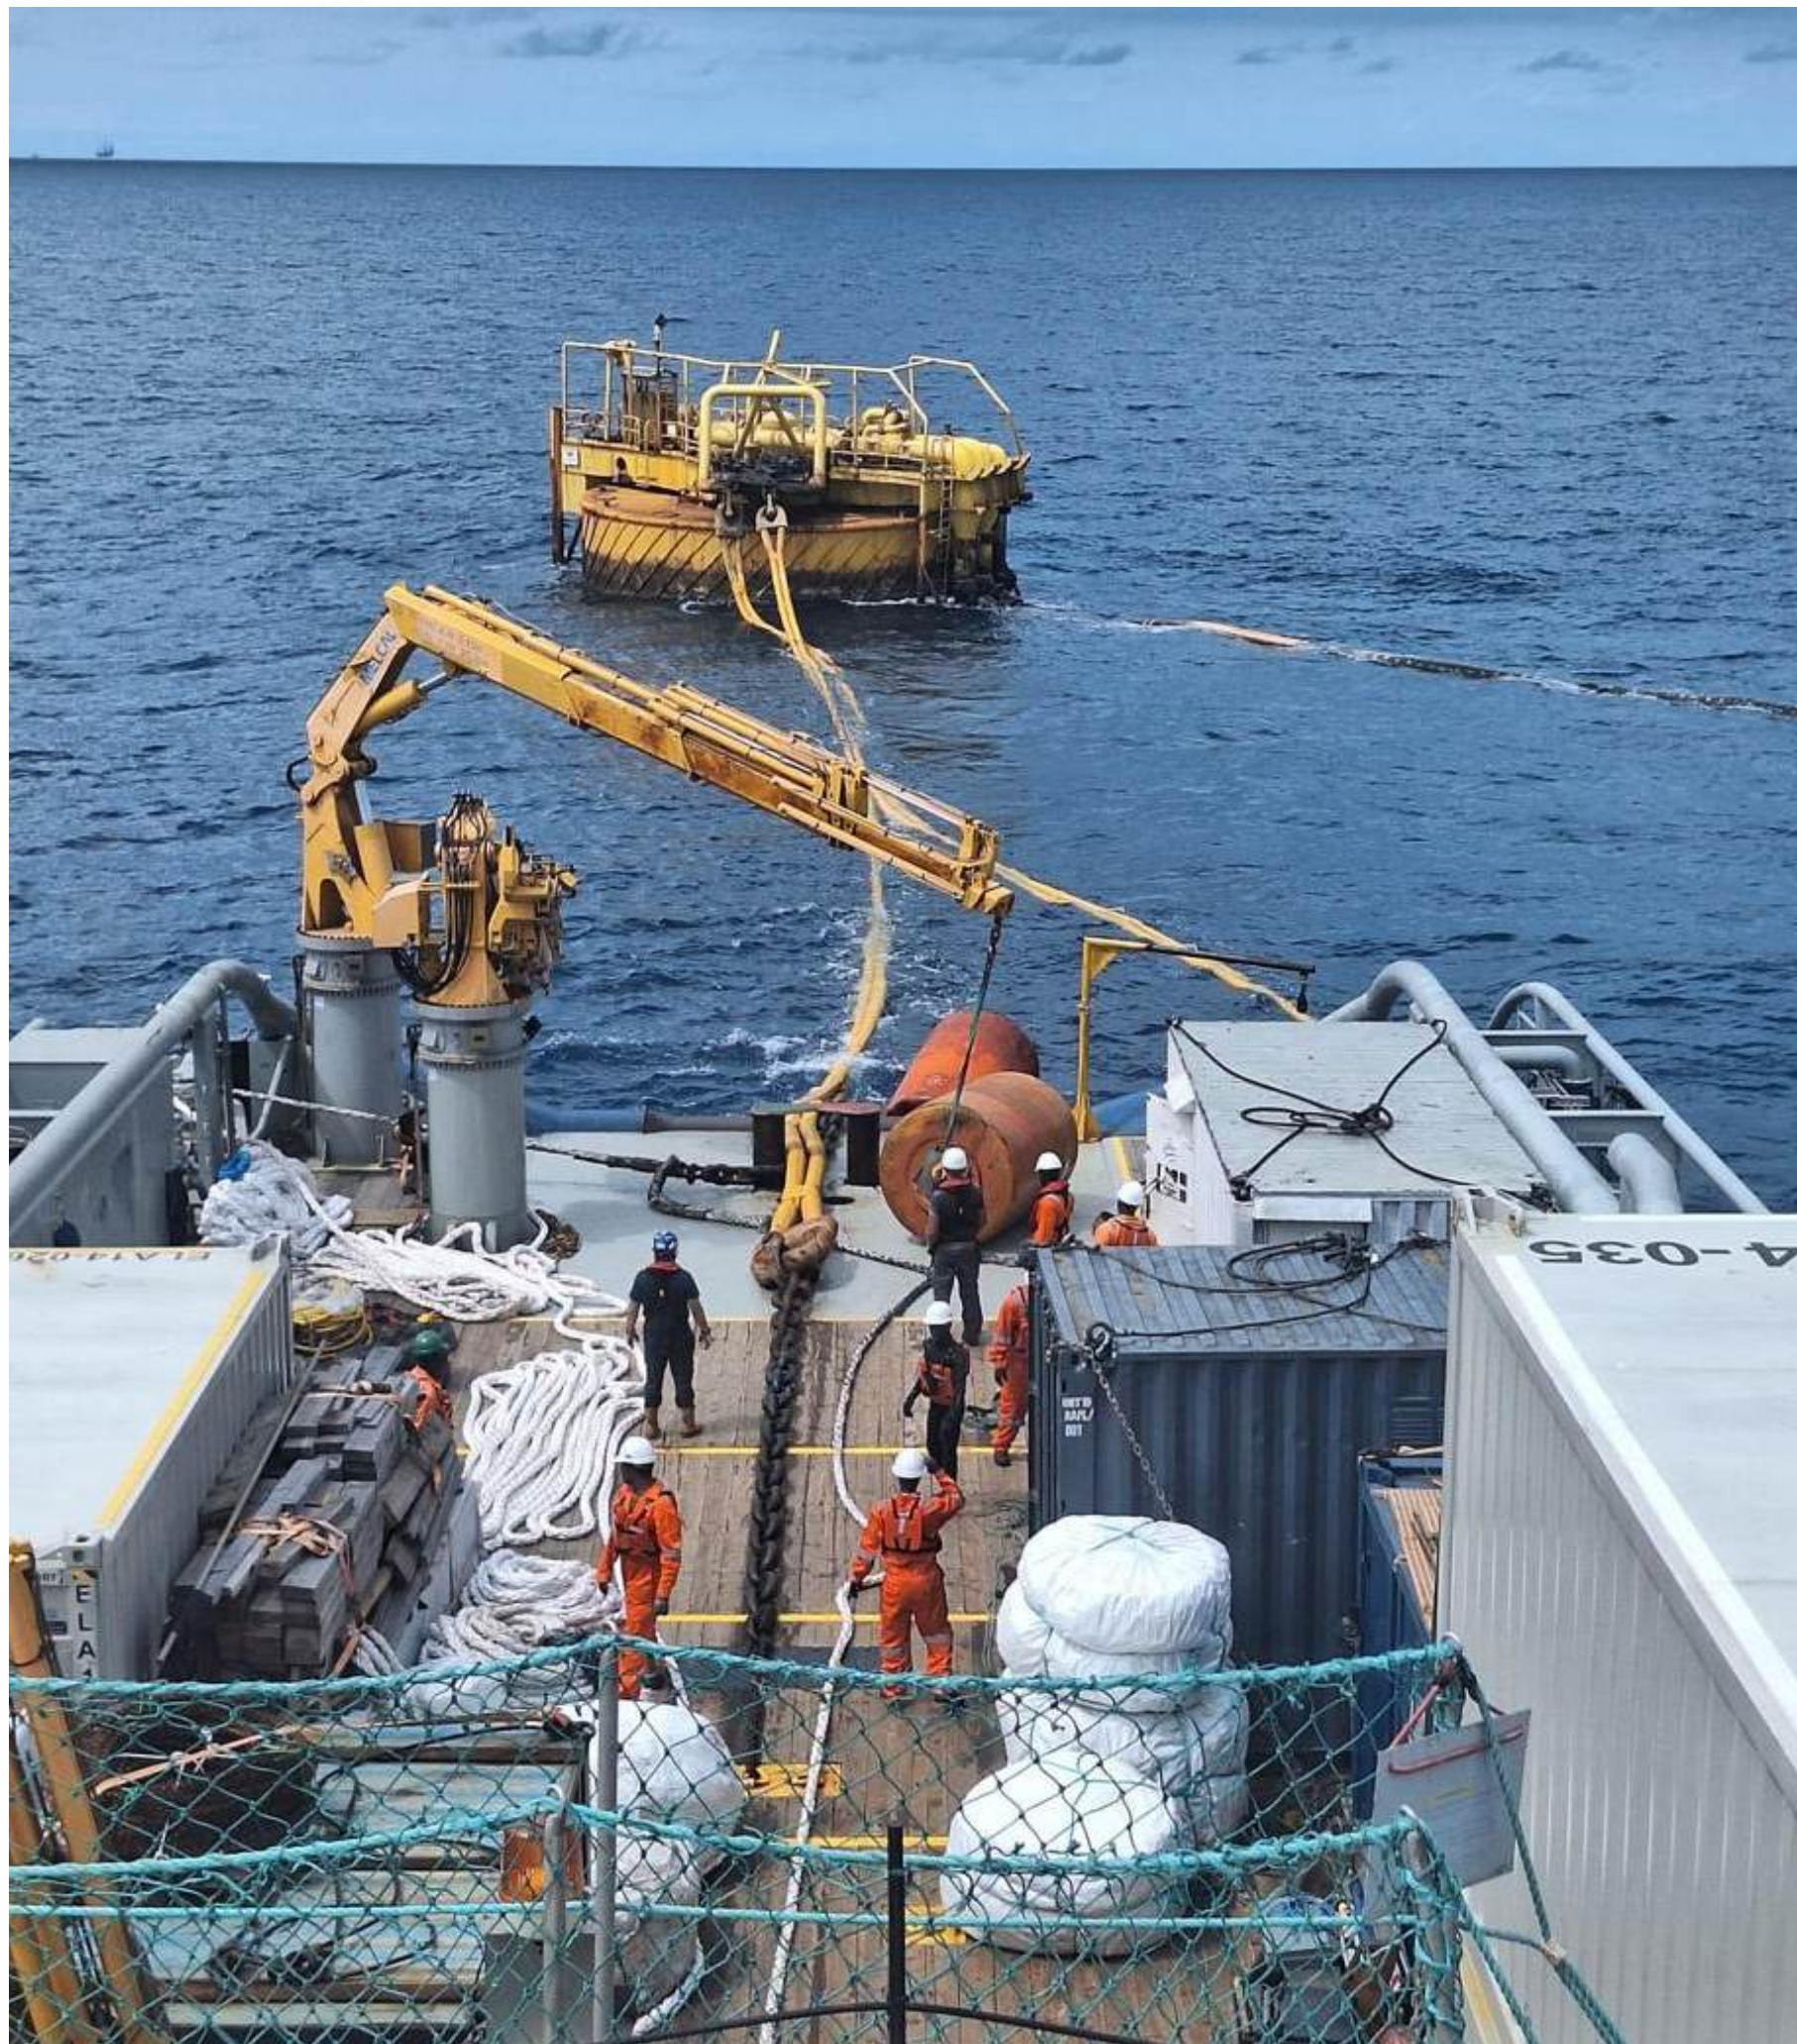

Incorporated in 2009, Eido Group is a leading Nigerian energy and engineering services company delivering integrated solutions across the oil and gas industry. Through its operating companies, the Group provides Engineering Design, EPCM Services, Well Completion and Intervention, Fabrication, Asset Integrity Management, Corrosion Protection, Marine and Offshore Support Services, Equipment Rental and Maintenance, Facility Management and Downstream Petroleum Products Marketing. With operations in Nigeria and across Africa, EIDO combines industry best practices, innovative technology and environmentally responsible solutions to enhance efficiency, reduce costs and maximize asset value for clients.

The Group operates through two core Nigerian entities:

- **Eido Marketing & Logistics Limited** — serving as the Group's commercial and support services arm, focused on downstream and midstream operations, energy supply solutions, facility management, logistics coordination and strategic business development.
- **Eido Energy & Engineering Concepts Limited** — delivering integrated engineering and technical solutions across Africa, covering EPCM services, offshore and marine operations, rig move and load-out support, jetty operations, movement of marine spread, vessel services, well services, asset integrity management, fabrication, corrosion protection, equipment rental and decommissioning solutions.

Following the Orange Basin discoveries and Namibia's emergence as a growing offshore oil and gas hub, Eido has established a presence in the country through **Eido - Mefuta Energy Services Namibia**, in which the Namibian Group holds a 51% stake and Eido holds 49%. Through Eido - Mefuta, the Group is positioned as a trusted indigenous technical partner, delivering marine logistics, fabrication support, marine operations, well-head services and offshore solutions to operators across Namibia's offshore sector.

Vision

To be the preferred provider of excellent Engineering, Procurement, Construction, Maintenance and Marine Logistics Services.

Mission

To raise a totally indigenous company that operates at global standards of excellence.

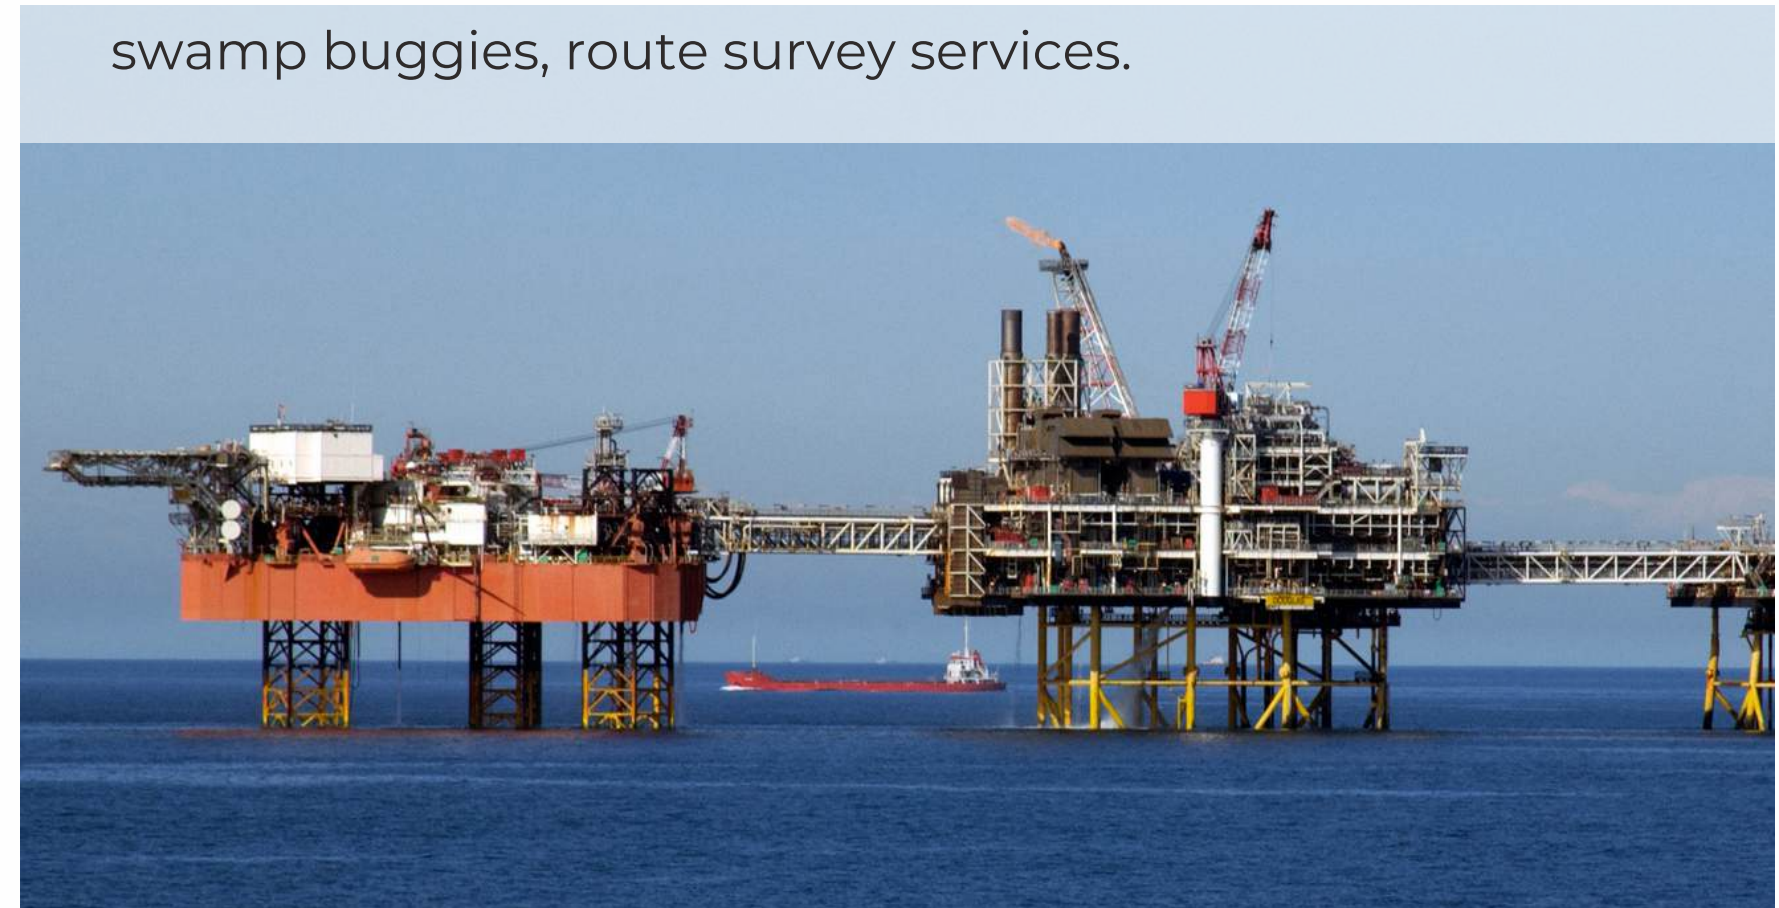

MARINE & OFFSHORE OPERATIONS

Eido Group delivers marine and offshore operations supporting exploration, development, and production activities across Nigeria and beyond, backed by a well-equipped fleet and experienced teams.

Capabilities include:

- **Rig Move & Load-Out** — Relocation, sea fastening, anchor handling and movement of marine spread.
- **Vessel Leasing** — PSVs, sea-going tugs, creek tugs, ramp barges, crew transfer vessels.
- **Cargo Transport & Escort** — Safe movement of marine spreads, pipes, and heavy equipment offshore and onshore.

- **Jetty & Terminal Operations** — Personnel transfer, harbour services, jetty and terminal support.
- **Bunkering & Diesel Supply** — AGO/diesel supply and fuelling for rigs, platforms and tugs.
- **Survey & ROV Support** — Geophysical, hydrographic, pipeline route surveys, ROV inspection, seabed mapping.
- **Diving Support** — Saturation and air diving, subsea inspection, underwater welding, marine growth removal.
- **Haulage & Logistics** — Flat beds, low beds, cranes, forklifts, swamp buggies, route survey services.

ENGINEERING SERVICES

Eido Group's engineering team delivers multidisciplinary solutions across the full infrastructure lifecycle — covering civil, mechanical, electrical, and process systems for energy and industrial facilities.

Core Disciplines

- **Civil Engineering** — Foundations, structural works, drainage, utility layouts.
- **Mechanical Engineering** — Piping, HVAC, process equipment, rotating and static equipment.
- **Electrical & Instrumentation** — Power systems, substation design, control panels, PLC, DCS, SCADA.

Engineering & Design Services

- **FEED & Detailed Engineering** — Structural design, analysis, 3D modelling, BOQ, documentation.
- **Upstream Asset Services** — Mechanical installations, metering, system integration, power engineering.
- **EPIC Services** — Procurement, construction, commissioning, O&M of mechanical equipment.
- **Project Delivery & Consulting** — Project management, quality assurance, technical advisory.

PIPELINE, WELLHEAD & FLOW ASSURANCE

Eido Group delivers specialist pipeline and wellhead services, ensuring the integrity, efficiency, and longevity of critical oil and gas infrastructure.

Pipeline Services

- **Construction, Maintenance & Repair** — Onshore/offshore construction, hot tap operations, composite sleeve repairs, leak sealing.

- **Hydrostatic Testing & Pre-Commissioning** — Pressure testing, flushing, gauging, pigging operations.
- **Flowline Integrity** — Pipeline inspection, corrosion control, leak detection.

Wellhead & Well Services

- **Wellhead Maintenance** — Installation, maintenance, and repair for production integrity.
- **Well Intervention & Drilling Support** — Wireline, slickline, fishing tools, completion equipment, well integrity management.

ASSET INTEGRITY & MAINTENANCE

Eido Group preserves the safety, reliability, and performance of client assets through advanced inspection, preventive maintenance, and offshore terminal management.

Inspection & Testing

- **NDT & Equipment Inspections** — Ultrasonic, magnetic particle, dye penetrant, radiographic testing; API 510/570/653 inspections.
- **Corrosion Monitoring & Control** — Corrosion protection systems, cathodic protection management.
- **Risk-Based Inspection & Life Extension** — RBI planning, fitness-for-service assessments, regulatory compliance.

Operations & Maintenance

- **Integrity Management** — Mechanical, electrical, and instrumentation equipment; shutdown and turnaround support.
- **Offshore Terminals & Mooring Systems** — CALM buoys, FSO/FPSO terminal management, mooring system integrity.

FABRICATION, CONSTRUCTION & COATING

Eido Group delivers proven expertise in welding, fabrication, construction, and protective coating services — onshore and offshore.

- **Welding & Fabrication** — Certified welders, all project scales, equipment modification, floating buoy and aqua deadweight fabrication.
- **Building Construction & Civil Works** — General contracting, design-build, civil/mechanical/electrical works, construction management.
- **Painting, Blasting & Protective Coating** — Industrial painting, blasting, surface prep, epoxy, glass flake, vinyl ester coatings.
- **Tank Cleaning & Waste Management** — Tank cleaning, waste segregation, responsible disposal.

DECOMMISSIONING

Eido Group delivers safe, cost-effective decommissioning for offshore and onshore assets nearing end-of-life.

- **Decommissioning Planning & Project Management** — Feasibility to completion, regulatory engagement, environmental impact assessment.
- **Platform & Facility Dismantling** — Safe removal of topside structures, jackets, onshore facilities.
- **Subsea Equipment Retrieval** — Recovery and disposal of pipelines, risers, wellheads.
- **Marine & Open-Water Support** — Heavy lift, marine integration, offshore pipeline/riser removal.
- **Waste & HSE Compliance** — Waste segregation, recycling, disposal per global HSE standards.

QUALITY, HEALTH, SAFETY & ENVIRONMENT (QHSE)

At **EIDO Group**,

QHSE is embedded in every operation. We deliver our services using modern technology, internationally recognized HSE standards, and effective risk management to ensure safe, efficient, and environmentally responsible project execution.

PRODUCT DESCRIPTION	LOCATION	CLIENT	DATE	STATUS
Marine Operations Support – Floating Hose Untangling at First E&P Field	Offshore Bayelsa State	Tananger Offshore Africa	July 2026	ONGOING
Marine Logistics PSV Operations for Q7000 Semi-Submersible Rig Operations Offshore Takoradi	Offshore Takoradi, Ghana	Riqserve Africa Project / Tananger Offshore Africa	June 2026	ONGOING
Pipeline Tie-In Works; Project Management and Construction Support Services on the 40" Ajaokuta–Kaduna–Kano (AKK) Gas Pipeline Project	Ajaokuta–Kaduna–Kano (AKK)	NNPC / OILSERVE / ROCIS / PIES LTD	2024/2025	COMPLETED
End-to-End Offshore Support Solution (From Drawing Board to Offshore Deployment): Fabrication of Aqua Deadweight Units and Floating Buoy Systems	Abuloma – Port Harcourt – Offshore Bonny	Amani Marine Services / Eido Group	2024/2025	COMPLETED
Harbor Work for Rig Monarch at High Tide Jetty, Abuloma, Port Harcourt	Port Harcourt	Depthwize Nigeria	September 2024	COMPLETED
Provision of Marine Vessel Support for Six-Monthly Inspection, Repair and Maintenance (IMR) Campaign on SBM Bravo	Offshore Bayelsa State	Riqserve Africa Project	2024	ONGOING
Movement of Rig Majestic Marine Spread from Sibiri, Warri to Ohor, Sapele for Seplat Operations	Delta State	Depthwize Nigeria / Seplat	2023/2024	COMPLETED
Harbor Work for Rig Imperial at Asere Well 4, Ondo State for CONOIL Operations	Ondo State	Depthwize Nigeria	2023/2024	COMPLETED
Movement of Rig Imperial from NIWA Jetty to Asere Well 4, Ondo State for CONOIL Operations	Warri, Delta State / Ondo State	Depthwize Nigeria / Conoil	2023/2024	COMPLETED
Sea Fastening of Rig Majestic Marine Spread from Gbeokun to Sibiri for Elcrest / Seplat Operations	Warri, Delta State	Depthwize Nigeria	2022/2023	COMPLETED
Movement of Marine Spread of Rig Majestic from NIWA Jetty to Gbeitokun for Seplat / Elcrest Operations	Warri, Delta State	Depthwize Nigeria	2022/2023	COMPLETED
Construction & Facility Management Service of the Outpatient Department (OPD) Block for Health of the Sick Hospital, from Foundation to Roofing	Nkpogu, Port Harcourt	Health of the Sick Hospital	2019–2022	COMPLETED

Product Description	Location	Client	Date	Status
Gas Oil/Diesel Supply of 1,000,000 Liters to Depthwize Tug Boats at Elschcon Jetty, Woji, Port Harcourt	Elschcon Jetty, Woji, Port Harcourt	Depthwize Nigeria	2019–2020	COMPLETED
Lifting Operation	Ibugu Jetty / Parrot Island, Akwa Ibom State	Depthwize	2019–2020	COMPLETED
Security Escort of Zukus Advantage from NIWA Jetty, Warri to Ima Terminal, Offshore Bonny and Back to NIWA Jetty, Delta State	NIWA Jetty, Warri, Delta State to Okpoho Field	AMNI Petroleum	2019	COMPLETED
Sea Fastening of Rig Imperial Marine Spread for Rig Move Operations at Parrot Island / Ibugu Jetty, Oron, Akwa Ibom	Ibugu Jetty, Oron, Akwa Ibom	Depthwize Nigeria	2019	COMPLETED
Movement of Marine Spread for Rig Imperial from Parrot Island / Ibugu Jetty, Oron, Akwa Ibom to NBTC Jetty, Warri Delta State	Ibugu Jetty, Oron, Akwa Ibom to NBTC Jetty, Warri	Depthwize Nigeria	2019	COMPLETED
Lifting Operations of Marine Spread for Rig Majestic at Ibugu Jetty, Oron, Akwa Ibom State	Ibugu Jetty, Oron, Akwa Ibom	Depthwize Nigeria	2019	COMPLETED
Gas Oil/Diesel Supply of 550,000 Liters to Egbema Flow Station	Egbema, Rivers State	NPDC	2014–2015	COMPLETED
Renovation Work, Civil and Electrical, for Proserv Instrumentation Office and Yard at Trans Amadi	Trans Amadi, Port Harcourt	Proserv Instrumentation	2014	COMPLETED
Construction of Pressure Test Bay Lab at Proserv Instrumentation Yard	Trans Amadi, Port Harcourt	Proserv Instrumentation	2014	COMPLETED
Installation and Maintenance for Two (2) Nos. 150 KVA and 250 KVA Generators at Proserv Instrumentation, Port Harcourt, Nigeria	Trans Amadi, Port Harcourt	Proserv Instrumentation	2014	COMPLETED
Call-Up Contract of 3,000 Drums WD40 and EP2 Grease to MGN Shipping for Vessel Operations	Onne, FOT, Rivers State	MGN Shipping	2012–2013	COMPLETED

TRUSTED TECHNICAL PARTNERS

EIDO Mefuta Energy Services

Namibia

Namibian arm of EIDO Group (Nigeria), 51% locally owned — an indigenous local-content partner supporting Namibia's growing offshore oil and gas industry, driven by the Orange Basin discoveries.

Core Services:

Marine Logistics, Fabrication, Marine Operations, Wellhead Services, and Offshore Solutions.

Tananger Offshore Africa Limited

Responsive. Dependable.

Operationally Ready.

Offshore support company delivering marine, subsea, and technical solutions across Africa. Affiliated with Tananger Offshore AS, Norway.

Core Services:

Vessel Operations, Survey & ROV Support, IMR & Asset Integrity, Diving Support, Offshore Engineering.

PEM Integrated Energy Services Limited (PIES)

Wholly owned Nigerian oil service company incorporated in 2014, with over 15 years of combined engineering experience. Head office in Port Harcourt, delivering onshore and offshore services to international standards.

Core Services:

Pipeline Construction, Maintenance & Repairs, Hydrostatic Testing, Drilling & Well Completion, Civil Construction & Development, Electrical Engineering, Procurement, Supply & Logistics.

Risqserve Africa Projects Limited

Reliability. Integrity. Sustainability. Quality. Safety. Specialist EPCI service provider focused on performance improvement of human and physical assets in oil, gas, energy, maritime, and construction. Wholly owned Nigerian company, first registered in Aberdeen, Scotland, UK in 2007. Experienced contractor to International and Indigenous Oil Companies across Nigeria.

Core Services:

Offshore Engineering, Asset Integrity Management, Offshore Terminals (CALM Buoys, FSO/FPSO), Geophysical Surveys, Open-water Construction. Alliance: Acteon and SBM-Imodco.
